

Masterclass Ankle Instability

November 28th and 29th 2024

Venue :

Skylab - 3 rue de la Pastière
44115 Haute Goulaine,
Nantes France

Experts :

Yves Tourné
Stéphane Guillot

Our MasterClasses are eligible for CME Credits.

Contact: Amandine Labrèze on +33 6 71 22 40 33 or by e-mail amandine.labreze@addidream.fr.

Our training courses are given in english.

Registration is subject to availability (14 participants).

We are pleased to invite you to a new concept of interactive courses:
How to deal with the indications and surgical techniques for treating ankle instability?

PROGRAM

We have designed a tailor-made course in two phases:

- Sequence 1: A face-to-face academic course to validate theoretical knowledges and discuss clinical cases provided by experts and participants
- Sequence 2: A hands-on, in-person course based on ADDIDREAM dry bones from real cases, anatomical specimens and interactive videos

You will have the opportunity to work on pathological models. All the surgical equipment (screws, osteosynthesis plates, drills) will be available, enhancing this realistic and personalized experience to improve your skills.

It will be a unique opportunity to share experiences and daily challenges.

Option: it will be possible to work on your own patient case by transforming your CT Scan into a 3D bone model and discuss strategy with the experts during the practical session. This option has an additional cost of €250.

Topics covered:

- Malerba Calcaneal osteotomy
- 1st metatarsal basal closing wedge osteotomy
- Lateral ligaments anatomical repairs with augmentation:
 - Open procedure with augmentation using an extensor retinaculum flap
 - Arthroscopic procedure as Broström-Gould
- Arthroscopic lateral ligaments anatomical reconstructions with a tendon

Schedule

Thursday 28th November 2024

14:00: Welcome address

14:15: Presentation of the course format and models

14:30: Academic Presentations:

- General information on ankle instability
- Specific technical points on lateral ligaments anatomical repairs with augmentation
- Specific technical points on lateral ligaments anatomical reconstructions

16:00: Break

16:15: Academic Presentations:

- Specific technical points on Malerba osteotomy
- Specific technical points on 1st metatarsal basal closing wedge osteotomy and other associated procedures.

18:00: Discussion over the clinical cases

20:00: Dinner

Friday 29th November 2024

8:00: Welcome address

8:15: Hands-on practice on anatomical models representing pathological feet

- Calcaneal Malerba Osteotomy
- 1st metatarsal basal closing wedge osteotomy
- Lateral ligaments anatomical repair with augmentation using an extensor retinaculum flap

12:00: Lunch break

13:30: Hands-on practice on anatomical specimens with Arthroscopy

- Lateral ligaments anatomical repair with augmentation as Broström-Gould
- Lateral ligaments anatomical reconstruction using a tendon

16:30: Discussion

16:45: End of session

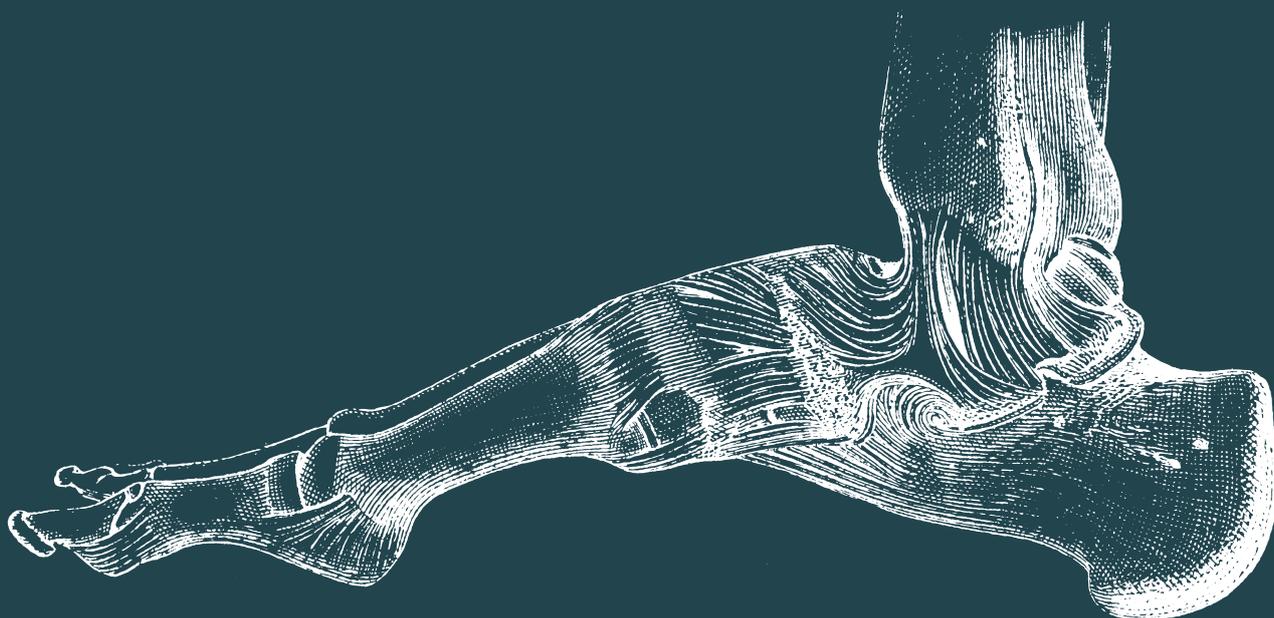

General terms and conditions:

- Our training sessions are conducted in English.
- Confirmation of your registration will be sent via email to: amandine.labreze@addidream.fr.
- Payment method: bank transfer (after confirmation of your registration).

Our pricing:

EARLY until August 28th 2024 (incluve)	STANDARD from August 29th to November 27th 2024 (inclusive)	Trainee
€980	€1050	€380

Contact : Amandine Labrèze au +33 6 71 22 40 33 ou par mail amandine.labreze@addidream.fr

Registration file

Name : First name :
Phone number : Nationality :
Email address : Medical Council registration number :
Billing address :

You are:

- Orthopedic and traumatology surgeon, the training costs 980€
- Trainee*, the training costs 380€
- Healthcare professionals, the training costs 980€

Specify:

You wish to :

- Benefit from the personalized option by working on your own patient case with our international for an additional cost of 250€
- The training can be funded by a sponsor
- Sponsor one of your colleagues

You agree:

- To be photographed during the event and to appear on social media.

I commit to registering and paying for the training..... by bank transfer to the account below:
